

## CourseNetworking Common Cartridge Import Guidelines

| Other LMS                             | The CN                       | Editable | Additional Information  | Limitations  |
|---------------------------------------|------------------------------|----------|---|--|
| Modules, Lessons, etc.                | Tasks                        | Yes      | The links to the resources will be imported as SmartLinks.  |  |
| Pages, Sub-Lessons, etc.              | Sub-Tasks                    | Yes      | The links to the resources will be imported as SmartLinks.  |  |
| Assignments                           | Tasks + Gradebook            | Yes      | These assignments are imported as tasks that the students may submit their files or write their answers. The grades for the assignments will be GradeBook items.  |  |
| Web Links                             | Web Links                    | Yes      |   |  |
| LTI Tools, LTI Links                  | LTI Links                    | Yes      | Common Cartridge doesn't import LTI Links keys.   |  |
| Discussion Forums                     | Discussion Topics (Hashtags) | Yes      | Thread titles will be imported into CN as hashtags.   | Discussion in CN is in social media (posting) format, which is very different than threaded discussion in traditional LMS discussion forums. Therefore, the Common Cartridge import only converts thread discussion titles to hashtags. Other content (text, images, etc.) will not be imported.   |
| Dropbox, attachments, files, and etc. | Files                        | Yes      | All of the files and folders that are imported through Common Cartridge will go under "Imported Common Cartridge Files" tab under Files tool. The instructors can move them files and folders to the "Course Files" to make them visible to the students. |  |
| Quizzes                               | Quizzes + Gradebook          | Yes      | These quizzes are accessible from the Quizzes section. The grades for the quizzes will be GradeBook items.  | CN supports importing the following question types: multiple choice, multiple response, true false, essay, fill in the blank, pattern match (will be imported as short answer questions).<br><br>If a question does not have a correct answer when it should have (for example, a fill in the blank question does not have any blanks), the question will not be imported. |

|                |                |     |  |   |
|----------------|----------------|-----|--|---|
| Question Banks | Question Banks | Yes |  | <p>CN supports importing the following question types: multiple choice, multiple response, true false, essay, fill in the blank, pattern match (will be imported as short answer questions).</p> <p>If a question does not have a correct answer when it should have (for example, a fill in the blank question does not have any blanks), the question will not be imported.</p> |
