

CN Classic Courses: Common Cartridge Import Guidelines

Other LMS	The CN	Editable	Additional Information	Limitations
Modules, Lessons, etc.	Tasks	Yes	The links to the resources will be imported as SmartLinks.	
Pages, Sub-Lessons, etc.	Sub-Tasks	Yes	The links to the resources will be imported as SmartLinks.	
Assignments	Tasks + GradeBook	Yes	These assignments are imported as GradeBook items with an associated SmartLink, through which the students can submit their files or write their answers.	<ul style="list-style-type: none"> The GradeBook items for discussion assignments are not imported. They must be created manually. GradeBook categories and weights are not imported. They must be set up in CN manually after import.
Web Links	Web Links	Yes		
LTI Tools, LTI Links	LTI Links	Yes	Please double check each LTI tool, making sure they still work after import.	Common Cartridge doesn't import LTI Links keys.
Discussion Forums	Discussion Topics (Hashtags)	Yes	Thread titles will be imported into CN as hashtags.	Discussion in CN is in social media posting format, which is very different than threaded discussion in traditional LMS discussion forums. Therefore, the Common Cartridge import only converts thread discussion titles to hashtags. Other content (text, images, and associated assignments etc.) will not be imported.
Dropbox, attachments, files, and etc.	Files	Yes	All the files and folders that are imported through Common Cartridge will go under "Imported Common Cartridge Files" tab under Files tool. The instructors can move them files and folders to the "Course Files" to make them visible to the students.	

Quizzes	Quizzes + GradeBook Items	Yes	<ul style="list-style-type: none"> • These quizzes are added to the Quizzes section and as GradeBook items. • Imported quizzes are unpublished by default. Instructors need to publish them after reviewing the quiz settings and each question. • Please review the point value of each question to make sure they are as expected. 	<ul style="list-style-type: none"> • CN supports importing the following question types: multiple choice, multiple response, true false, essay, fill in the blank, pattern match (will be imported as short answer questions). • If a question does not have a correct answer when it should have (for example, a fill in the blank question does not have any blanks), the question will not be imported.
Question Banks	Question Banks	Yes	Please review the point value of each question to make sure they are as expected.	<ul style="list-style-type: none"> • CN supports importing the following question types: multiple choice, multiple response, true false, essay, fill in the blank, pattern match (will be imported as short answer questions). • If a question does not have a correct answer when it should have (for example, a fill in the blank question does not have any blanks), the question will not be imported.
